

TUSCANI

SEAMLESS VENETIAN FINISH

Acrylic

DESCRIPTION	When applied over practically any properly prepared substrate, QUICKWALL TUSCANI will provide a touch of Venice. Where the specifier's vision requires special decorative and protective finishes, TUSCANI will provide decades of protection to the substrate.
APPLICATION Trowel Brush	<p>Apply by "stainless steel" trowel and while wet, re-trowel in a circular pattern with a 817P plastic trowel to provide a pre-coloured adobe effect with a controlled smooth high to low wall finish.</p> <p>Apply by spray, roll 1 freehand trowel or TUSCANI brush to the substrate. Finish from the top of the wall with vertical downward sweeps using a soft nylon broom to provide a pre-coloured touch of Venice.</p>
	TUSCANI is generally tinted close to the topcoat colour. Usually only one final coat of membrane is then required.
SPECIAL FEATURES	<ul style="list-style-type: none"> • Excellent water resistance. • Environment and user-friendly acrylic product. • Fully formulated with bactericides, algacides, and fungicides. • This faux finish is allows the specifier, applicator and client freedom to bend the rules and find that exclusive seamless designer finish.
GUARANTEE	Seven years when applied by an Approved Applicator and in accordance to Quickwall specification.
SPECIFICATION	<p>1st Coat: Apply Quickwall PRIMER to the properly prepared substrate</p> <p>2nd Coat: Apply Quickwall TUSCANI</p> <p>3rd Coat: Apply Quickwall AQUASEAL 100% acrylic membrane paint</p>
